

Community Health Needs Assessment for Bingham Memorial Hospital FY 2016

Implementation Plan

As a result of the Community Health Needs Assessment (CHNA), data was collected, analyzed, and prioritized to create an overall community health profile. The following implementation strategies are intended to address the top 10 needs identified by the CHNA.

1. High Cost of Care
2. Uninsured/Underinsured
3. Diabetes
4. Healthy Lifestyle Choices
5. Obesity
6. Mental Health Services
7. Heart Disease
8. Limited Health Knowledge
9. Drug/Alcohol Abuse
10. Health Screenings

CHNA Health Needs and Proposed Plan from 2016, with future actions to be taken through fiscal year 2019
