

BINGHAM MEMORIAL HOSPITAL
Experience Bingham!

Please nominate a candidate for **Employee of the Year** who exemplifies the values and culture of BMH and represents Bingham in a positive way. As you make your choice, please document that person's customer service skills, interactions with other employees, leadership abilities or qualities that you value and admire in that person.

I nominate Heather Quinton from the

Ammon Urgent CARE department as Employee of the Year because:

She's the definition of hardworking/ leadership - she always encourages us if we want to go to school/ grow within the hospital that we can! As you know she's been working w/ Amuc for YEARS! She's worked her way up over the years showing dedication, compassion, and overall enjoyability as a person. I also admire that if any of us employees are unwell she makes the effort & goes the extra mile to check up on us that to me shows me that we are more than just coworkers here @ Amuc. She always goes out of her way to help patients whether its giving a mom a helping hand to be able to get checked in, helping/getting patients a snack when they have low blood sugar or even distracting/entertaining children enough so providers can give them stitches/staples/shots. →

Nominator's department

She always has the strongest connections w/ patients. Always willing to answer all the questions they have or just have some to talk to while they wait. She always makes coming to work fun with potlucks for birthdays or special occasions & always trying to make us feel special.

She's always willing to help out when short staffed which is nice to see a manager do instead of other staffed becoming overwhelmed.

To me I admire the hardwork Day in & Day out that she does, how much she cares for her staff, along w/ the way she wholeheartedly cares for our patients.

I'm glad to be working with her.

I nominate Heather Quinton from the

Ammon Medical & Urgent care department as Employee of the Year because:

I'm writing this letter to nominate Heather Quinton for Employee of the year. She is a Fabulous office manager, a Huge asset to Ammon Medical & Urgent care & is so deserving of this award & Recognition.

Heather is Responsible for several duties: Payroll, Scheduling, works as a Nurse, Front office staff, Phlebotomist, Manager, Planning & evaluating department activities & SO ON.

I have had several of my patient's tell me: "Heather answer all my Questions & took time to explain everything" another patient: "she made me feel like I matter," "she is compassionate". On a personal level, Heather Made me feel welcome when I started working @ Ammon Medical & Urgent care. She has made my work as a provider easier. I feel she listen to my concerns & Does everything within her power to fix it.

Despite the overwhelming amount of work that she has to do, Heather consistently finds ways to help everyone. Her willingness to assist others & commitment to Bingham Memorial is unequalled. It is with great pleasure that I respectfully submit this Nomination for Heather to be recognized as Bingham Employee of the Year.

**BINGHAM MEMORIAL HOSPITAL***Experience Bingham!*

Please nominate a candidate for **Employee of the Year** who exemplifies the values and culture of BMH and represents Bingham in a positive way. As you make your choice, please document that person's customer service skills, interactions with other employees, leadership abilities or qualities that you value and admire in that person.

I nominate Heather Quinton from the

Ammon Medical & Urgent Care department as Employee of the Year because:

She is the most Amazing office manager. She always makes sure everyone gets the time off they want or need, even if it requires her to work that shift. She will do whatever it takes to ensure this. I also see her as a friend and not just a boss and she works very hard at all three offices to make sure everyone is taken care of.

She also has more faith in all of us than we do ourselves. Knowing we can do the job even if we are questioning ourselves.

Please nominate a candidate for **Employee of the Year** who exemplifies the values and culture of BMH and represents Bingham in a positive way. As you make your choice, please document that person's customer service skills, interactions with other employees, leadership abilities or qualities that you value and admire in that person.

I nominate Heather Quinton from the

Ammon Medical & urgent care department as Employee of the Year because:

She goes above and beyond for her staff from personally covering our shifts when no one else can, to being so patient with us to make sure we understand something in order for us to give the best care we can. She's so helpful and caring to our patients by helping us with our messages, faxes or even medication refills; when she speaks to our patients you can tell she has nothing but compassion towards them by always having a bright face, trying her best to understand their concerns and how to assist them, or even just being gentle with them when she's covering a nurse. I truly do admire her for how caring, sympathetic, and driven she is, and how having her as role model.

"A good leader leads the people from above them.
A great leader leads the person from within them!"

Ms Arnold

There is no one other than Heather that I can think of that truly embraces being a great leader. She is the most understanding and supportive person I have ever met. She does not just do her job well, she makes and encourages her employees to do well in their responsibilities as well. We did not just get a great addition to our clinic but to the whole team of Bingham with Heather. She embodies everything that Bingham strives for accountability, compassion, teamwork, and innovation.
