APRIL

Jared Kam, MD, CAQSM
Physician Caregiver

Jennifer Langley, LPN
Nurse Caregiver

Chris Hansen
Everyone's a Caregiver

SERVANT'S HEART RECIPIENTS

Physician Caregiver

Jared Kam, MD, CAQSM, Family & Sports Medicine Specialist

“Dr. Kam makes the time to help his patients in any way that he can. On many occasions, he’s taken extra time and stayed late for someone who was driving from several hours away. He did this because he wanted to give them injections on the same day so they didn’t have to make a return trip, to save them time and money. He is also always the first to sacrifice his own time and interests to help the sports medicine team. He is always smiling even through a bad day.” –
Nathan Richardson, MD, Orthopedic Surgeon

“Dr. Kam is a wonderful doctor because he truly cares about his patients. They think of him as a friend because he is easy to talk to. He listens to their concerns and is very empathetic. My family have all seen Dr. Kam, and I think that says it all!” –*Danielle Allen, Front Office Receptionist*

“After a bad fall, Dr. Kam’s staff was able to squeeze me into his busy schedule. He and his staff went above and beyond to ensure all of my medical needs were being met, and I was so grateful for their help. He called me to see how I was doing and did everything he could to help with my painful medical condition. Dr. Kam is a great doctor and should be recognized for the amazing caregiver that he is!” –*Crystal Warner, Licensed Practical Nurse*

Nurse Caregiver

Jennifer Langley, Licensed Practical Nurse

Nominated by: Dorothy Hansen, Licensed Practical Nurse & Office Manager

“Jennifer is always going above and beyond for her patients. One day she had an elderly patient who needed her catheter removed, but who did not have transportation to Idaho Falls. She arranged to meet the patient in a Blackfoot clinic after she was done with her clinic day in Idaho Falls. In addition, Jennifer will always hand deliver lab samples if she misses the courier so patients don’t have to wait for their results.

“If someone is in need of assistance, she is the first jump in. She is always smiling and trying to get a smile out everyone she comes in contact with.”

Everyone’s a Caregiver

Chris Hansen, Nutrition Services

Nominated by: Melissa Pine, Licensed Practical Nurse

“I am nominating Chris for this award because he comes to SNRC during his own free time (breaks, lunch, and even after work) to visit with one of our residents. He plays a card game—Magic the Gatherer—with him. This patient is so excited on the day he knows Chris is working. His face lights up and he runs around getting ready for the visit. It is rare to see someone like Chris go out of their way to do something so kind. He does this during a time when most are taking a break. Chris is changing the life of someone who needs a friend.

“Chris doesn’t know I am submitting this nomination, and I doubt he would think that this is something worth nominating him for, but I do, and the look on the resident’s face does too.”

**John this will be made into a pdf available on website
